

Recommendation to the Board for consideration

I recommend the following SAIEF Committees for consideration and addition to the SAIEF By-laws, as appropriate:

Standing Committee:

Grant(s) Committee - The grant committee will be responsible for the management and execution of grant funds supplied to the San Antonio Ivy Educational Fund. A document of understanding signed by the grantor (grant awardee) and the SAIEF President as grantee will outline the criteria for the management of the grant(s). The grant will be managed according to the criteria established.

Rationale: With the establishment of the Ehriel F. Fannin Memorial Grant for Community Service and any future grants, the board should have a committee to execute the criteria and manage the awarding of the grant.

ADHOC Committee:

Diamond Endowment Capitalization Committee- This committee will focus on the 2022-2023 capitalization of the Diamond Endowment Fund. It will include campaigns and fundraisers specifically focused on reaching a goal which will enable an annual \$500-\$1000 return which can be used for scholarship, community service, etc. in recognition of our Diamond Sorors.

Rationale: The Diamond Endowment was established to recognize our Sorors who have dedicated more than 75 years of service to Alpha Kappa Alpha. While the fund has grown over the past few years, dedicated focus will ensure that this endowment gets capitalized, and scholarships or awards be given in honor of our Diamond Sorors.
